

The California Airgun Shooter's Association

Come to discover the fun of Airgun Shooting. We are here to encourage the safe use of airguns and promote competitive matches that include Field Target, Airgun Silhouette, Airgun Benchrest and Family Shoot Days. Our members have a wealth of knowledge that we share freely with our newer members.

It's not necessary to have a high end target airgun to get started. Though airguns come in all price ranges and you can get started with a very modest investment.

- ◆ Airguns are a great way to learn shooting discipline and safety.
- ◆ Join a group of great people to share in the sport.
- ◆ Participation with other regional groups with the same focus.
- ◆ Gain access to a safe place to shoot and practice.
- ◆ Relatively low cost of participation for guns, ammo and targets.
